OLDCASTLE**

takes this opportunity to extend

**SEASON'S
GREETINGS**

to all his customers, thanking them for their valued support during 1964 and looking forward to their continued support in 1965

CONGRATULATIONS TO

**OLDCASTLE FIRM'S
SILVER JUBILEE**

MR. BERNARD FLOOD, Seamus Cogan Street, Oldcastle, is this year celebrating his silver jubilee in the sand, lime, gravel and concrete block business. To mark the occasion he has purchased two farms at Tubbersool, Balbriggan, Co. Dublin, and is installing machinery plant worth £25,000 in these farms for the purpose of washing and grading sand.

As part of the ceremonies to mark the silver jubilee, Mr. Flood's fleet of lorries were blessed by Rev. M. Troy, P.P., Mountnugent, assisted by Rev. J. Shorthall, C.C., Oldcastle, at Hilltown, on the 8th December. At the same time Fr. Troy blessed a new washing and grading plant (one of the most modern in Europe) which had been installed at a cost of approximately £20,000.

Also in this jubilee year at Drumgora, Co. Cavan, Mr. Flood has installed a plant for making road chips whose output is 80 tons per hour.

First Staff Dinner

On 7th December, Mr. Flood's staff, who total approximately 100 permanent employees, and a number of others who are employed seasonally, held their first annual dinner dance at Crover House Hotel. Mr. and Mrs. Flood were guests at the function which was an outstanding success, and after the dinner Mr. Flood, speaking on behalf of Mrs. Flood and himself,

said, and I quote, "We would like to take this opportunity to thank you for your valued co-operation over the past number of years, and

goes from
success to success**

a lull. Rather than have his lorries idle he put them to work drawing turf, and with a base in Dublin, and twenty-one lorries on the road, he drew turf to every part of the county to make the plant there twice the size of the home plant. Placed at Gaulstown, Duleek, County Louth, Mr. Flood has a portable plant which when not in use

Very Rev. M. Troy, P.P., Mountnugent, is seen here blessing some of the heavy equipment at Flood's of Oldcastle. Also in picture is Rev. J. Shorthall, C.C., Oldcastle, and Mr. B. D. Flood.

First for the tough road contract!
